

Miloš Ćemalović

SUMMARY

I am a frontend developer always ready to apply my knowledge and skills for continuous improvement. Working in a large corporation I have been exposed to clients with various backgrounds and nationalities. This experience allowed me to strengthen my pro-activity and assertive approach and successfully apply them to all project development stages - from idealization, planning, execution, monitoring and control to closure.

PROFESSIONAL EXPERIENCE

Frontend Developer at EY (2022-2025)

Working as a React developer, I've been a member of multiple teams involved in building complex IFA (Independent Financial Adviser)

- Develop and maintain well designed, testable, maintainable and scalable code
- Implementing and refactoring React, TypeScript, JavaScript, CSS, SVG, unit tests (Jest, Vitest and RTL) created with CRA or Vite by S.O.L.I.D. and DRY principles
- Excellent communication with different team members across different time zones

Tech stack: React / TypeScript / JavaScript / Material UI / Jest / React Testing Library / ES Lint / InVision / JSX / CSS3 / Git / GitHub / Jenkins / npm

Frontend Developer at Intelligent Betting Software (2020-2021)

As a Junior Angular developer, I've successfully deployed an in-house platform, leveraging cutting-edge technologies to create dynamic, responsive, and localized web application.

- Implementing and refactoring HTML5, PrimeNG and Angular Material components
- Responsive design styling with CSS3 with SCSS (BEM methodology)
- Ensuring cross-browser compatibility and responsiveness

Tech stack: Angular / TypeScript / RESTful API / PrimeNG / Angular Material / SASS / CSS3 / HTML5 / Transloco i18n / Git / Bitbucket / npm
